MAY ONLY BE TURNED IN IN THE LECTURE/LAB LISTED ABOVE AS THE DUE DATE.
This will count as one of your homework assignments.

This worksheet is intended to help you choose a pair partner, and/or whether the pair partner you've chosen is likely to be a good fit.

Please fill this out and hand it back to your professor or TA during the lecture on the due date shown.

- (10 pts) Please fill in the information at the top of this homework sheet, including your name and umail address. If the other two items apply, please fill them in as well. Please do this every single time you submit homework for this class. It is important to fill in both name and umail every time, since handwriting is sometimes difficult to decipher. Having both helps us ensure you get credit for your work.
